RE: House Bill 330 - CREBs Legislation  
Clean Renewable Energy Bonds

Dear Chairman and Committee Members:

We hereby request that HB 330 - CREBs Legislation be taken off "the table" and supported by the Appropriations Committee.

Clean Renewable Energy Bonds would be an essential resource for governmental entities, such as cities and counties, the ability to finance alternative energy projects. The CREBs program will initiate wind projects proposed for several Montana counties.

The CREBs Program would provide an avenue to assist the depressed economy in the communities within the State of Montana with a clean and renewable resource.

Thank you for your time and consideration. Should you have any questions, please feel free to contact this office.

Very truly yours,

BOARD OF COMMISSIONERS  
BIG HORN COUNTY, MONTANA
